Codecell Event Report

ICPC meet-up

Date: 18th September, 2018

Time: 5:30 pm - 6:30 pm

Venue: B111

Total Participants: Approx. 20 students

This event was held to promote and explain ICPC competition, which is considered as "Olympics of Programming Competitions", its benefits and everything else to do with it.

The meetup was held with the intention of explaining ICPC and what its prerequisites are. Every student that showed up was interested in enrolling for this inter-collegiate competition to test their competitive coding skills and to make their college proud.

The points that were discussed at the meeting were as follows -

1. What is ACM ICPC ?
2. Contest Structure ?
3. How to participate ?
4. Past Experience Shared by Previous Year Team (Team Random_bits and Team Bits_please)
5. How to practice for ICPC ?

Overall, the meetup was great success and every student expressed a desire to enroll in the competition. We have around 20 teams from college participating for the regionals, with many team contesting for 2 regionals.
